Unbiased journal selection and curation

Source data for Journal Impact Factor

Note on Web Services ACCESS
The Web Services access is always reflecting the Web of Science access: if an index has not been subscribed, the Web Services will not pull papers from that index.
Il Book Citation Index | More than 119,000 books

The Book Citation Index in Web of Science™ Core Collection includes the published scholarly literature of books and book chapters selected by our editorial staff.

- Social Sciences + Arts & Humanities (2005-today) +1.1M records
- Sciences (2005-today) +0.7M records

We continue to expand the index coverage with an additional 10,000 new titles each year.

- Comprehensive cited reference search
- Reciprocal links to/from book records and book chapters
- Accurate citation counts from journals, conference proceedings, and other books
- Times Cited counts for books and book chapters
- Full bibliographies from books and book chapters
- Links from book and book chapter records to full text
- Capture of all fundamental bibliographic information as well as author cited references.

Content is comprised of scholarly books, both Series and Non-series that present fully referenced articles of original research, or reviews of the literature.
Book Citation Index | Italian organizations (2015-2019)
Top universities by percentage of records in BKCI (compared to other WOS CC indexes).
Book Citation Index | What you can do

- Analyze the citation network between books and the wider world of scholarly and scientific research
- Connect to institutional resources with direct links to library catalogs and eBook collections
- Access more complete social sciences and humanities coverage as well as critical coverage in the sciences
- Measure the contribution of books in specific disciplines and identify potential collaborators

With Web of Science
- Create and analyze custom data sets drawn from databases across the Web of Science
- Search authoritative, multidisciplinary journal coverage, proceedings and books seamlessly across Web of Science Core Collection
- Ease searching, writing, and bibliography creation in one integrated process with EndNote
- Link directly to an author’s personalized CV, with citation metrics, in the Publons environment.
